PROFESSIONAL SUMMARY

AI and Data Science professional with experience in Generative AI applications, Retrieval-Augmented Generation (RAG), Large Language Model (LLM) workflows, and Machine Learning pipelines. Skilled in Python, SQL, LangChain, LlamaIndex, vector databases, prompt engineering, and cloud platforms. Proven track record building end-to-end AI applications, optimizing machine learning models, and conducting technical training in data science and AI.

TECHNICAL SKILLS

- Generative AI & LLMs: RAG, LangChain, LlamaIndex, OpenAI, Hugging Face Transformers, Vector Databases (FAISS, ChromaDB, Pinecone), Prompt Engineering, LLM Agents, Conversational Memory Chains, Text-to-SQL
- Machine Learning & Analytics: Python, SQL, Scikit-learn, TensorFlow, Regression, Classification, Clustering, Neural Networks, Pandas, NumPy, Exploratory Data Analysis (EDA)
- Frameworks & Web: Flask, Streamlit, REST APIs
- Cloud & Data Engineering: Microsoft Azure (Azure ML, Databricks, Data Factory, Azure SQL), PySpark, Data Pipelines, ETL
- Data Visualization: Power BI, Tableau, Advanced Excel, Matplotlib, Seaborn
- Git · testing · deployment · Docker · design
- requirements · quality · leadership · documentation · policy

WORK EXPERIENCE

CADD Centre Training Services Pvt. Ltd. | Technical Trainer – Data Analytics, Data Science, AI & Robotics

July 2025 – Present | Jaipur, India

- Deliver technical training in Python, SQL, Machine Learning, Exploratory Data Analysis, and Data Visualization across government and partner programs.
- Conduct technical workshops and practical hands-on sessions, mentoring learners on real-world Data Science, AI, and automation projects.
- Oversee training delivery, assessments, and practical demonstrations with a focus on real-world problem-solving.

Samyak IT Solutions Pvt. Ltd. | Data Science Trainer (Part Time)

May 2025 – Present | Jaipur, India

- Instruct students and professionals in Python, Machine Learning, and Generative AI through practical project-based learning.
- Conduct Generative AI workshops using OpenAI, LangChain, and Hugging Face, covering LLM architectures, prompt engineering, and chatbot development.

- Teach core data science libraries including Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, and TensorFlow for model development and evaluation.

PADMANABH Innovations | AI and Robotics Lab Instructor

Feb 2025 – July 2025

- Guided learners through practical AI and automation concepts, including predictive logic, object detection, and hardware-software model integration.
- Mentored students in building hands-on automation and robotics applications.

LearnWik Solution Pvt Ltd | Data Science Engineer Intern

Nov 2023 – Jan 2024

- Enhanced machine learning model accuracy by 15% through feature selection, data cleaning, and preprocessing techniques.
- Improved predictive performance by 20% by executing hyperparameter tuning across ML algorithms.
- Automated 50% of the ML pipeline, reducing manual errors by 30% and improving overall operational efficiency.
- Optimized data workflows by implementing scalable ML solutions to enhance system reliability.

PROJECTS

Generative AI PDF/URL Q&A System

- Built an AI system using LangChain, OpenAI, and Pinecone to answer user queries from PDFs and web URLs.
- Implemented semantic search using vector embeddings for precise context retrieval, dynamic prompt templates, and multi-turn conversational memory.
- Designed modular pipeline for document parsing, text chunking, and embedding-based Q&A.

AI Food Nutrition Tracker

- Developed a Streamlit application predicting food nutrition from images using a CNN model with 90% accuracy.
- Integrated USDA API to retrieve real-time nutrient data and dynamic macronutrient breakdown charts.

Sales Performance Dashboard

- Built an end-to-end Power BI sales dashboard featuring data modeling, DAX calculations, and row-level security (RLS).

EDUCATION

- M.Tech. in Computer Science and Engineering - AI | JECRC University, Jaipur (2026 – 2028)
- BTech in CSE-AIML | Axis Institute of Technology and Management, Kanpur Nagar (2025)

CERTIFICATIONS

- Data Science Certification – LearnWik Solution Pvt Ltd
- Microsoft Azure Certification – ICT Academy
- Data Analytics Certification – Industries Helping Hands
- Robotics and Automation Certification – CADD Centre / CCUBE
